This three-day workshop will help participants prepare for the Construction Health and Safety Technician exam administered by the Council on Certification of Health, Environmental and Safety Technologists.

Each participant will be given a copy of the 1926 OSHA Standards, a 15-section binder containing copies of Power Point presentations, reference material and questions relevant to each topic plus a sample test and worked examples. **The workshop will include instruction on solving math-related issues confronting the CHST candidates.** Daily refreshments also included.

For more information on the CHST designation and to download the latest CHST Candidate Handbook see www.cchest.org.

Cost: \$600 per person, \$25 discount for members of the Baton Rouge and New Orleans Chapters of the ASSE, Safety Council, GBRIA and ABC.

Yes, I would like to attend. I am a member of:
